

IIBF

Impact Investment & Blended Finance  
for Development Agencies and Foundations

3-Day Executive Program

September 11th to 13th - Zurich

2024

Blended  
Finance  
Program

How to use public funds to attract private investment  
for **high-impact enterprises** addressing the SDGs

Initiative for  
Blended Finance

**Impact Investment:**

Investments into organizations, projects and funds that intentionally generate a positive social and/or environmental impact alongside a financial return.

**Blended Finance:**

The strategic use of development finance and philanthropic funds to mobilize private capital flows to emerging and frontier markets.

**Ready to use your resources for maximum impact?**

To use public funds more effectively and mobilize private investment to achieve the [Sustainable Development Goals \(SDGs\)](#) has become a key concern of many development agencies and donor organizations. While the idea to create blended finance models is compelling, one specific approach holds particular promise: empowering high-impact enterprises with market-based solutions to scale and deliver positive impact in a sustainable way – a bottom-up approach.

This actionable, practice-driven program is specifically designed for providers of public or philanthropic funding, who strive to maximize the impact of their grants or investments and want to be on top of the most innovative solutions and trends. It includes outstanding lecturers, features inspiring live cases and received exceptional feedbacks in several program runs since inception in 2018.

The three-day program will provide valuable insights on strategies and instruments to “leverage” own resources by blending it with private investment for small and growing businesses in developing and emerging countries. It will also shed light on the whole spectrum of finance for impact and international development. A specific focus will be on [catalytic financing tools](#) that are able to attract additional capital for high-impact enterprises.

The program is organized by the [Initiative for Blended Finance](#), with program partners [Roots of Impact](#), [Center for Sustainable Finance](#) and [Private Wealth at University of Zurich](#), and [Convergence](#).

### Participants:

Project and program managers in development agencies, public or multilateral organizations and foundations with a focus on international development

### Format:

3-day in-person program

### Dates:

September 11th to 13th, 2024 (Wednesday morning to Friday afternoon)

### Contribution:

Regular fee CHF 3,950.- per participant

Early bird discount

(registration until February 28, 2024): CHF 3,450.- per participant

### Information and Registration:

The program has limited space to ensure an intensive, interactive, practice-driven and healthy learning experience. For more information please contact: [cmoehrle@roots-of-impact.org](mailto:cmoehrle@roots-of-impact.org) or apply directly at: [www.ibf-uzh.ch/education/](http://www.ibf-uzh.ch/education/)

### Planned Training Address

University of Zurich Zentrum für Weiterbildung (Center for Continuing Education), Schaffhauserstrasse 228, 8057 Zurich, Switzerland

## Content Outline

This hands-on learning experience will deliver **practical, actionable and relevant knowledge** on how to mobilize private investment for sustainable development and use catalytic financing solutions for creating impact at scale:

The role of the private sector for achieving the SDGs

Introduction to impact investing and blended finance

Different approaches to attracting private capital

Choosing the right instruments to catalyze private investment

Results-Based and Impact-Linked Finance instruments

The vital role of cutting-edge impact management

Mis-conceptions and mis-directions in blended-finance

Case studies: inspiring solutions from the field and from IIBF alumni

## Participants will:

- Understand the **huge potential of the private sector** – both companies and investors– to contribute to international development, as well as recognize the **key contribution of small and growing businesses**
- See impact investment and private sector resources as a promising source of capital to be integrated into public and philanthropic strategies
- Identify new ways of **capacity building, catalytic capital and funding mechanisms** to scale high-impact enterprises.
- **Overcome market failures and structural challenges** by blending different types of capital more effectively
- Gain a deeper understanding of impact, alignment of interest and additionality to **design the right incentives and the optimal mix of capital sources**
- **Inspire colleagues and peers** with state-of-the art tools and best practices

99.9% of the participants in our 7 IIBF programs to date rate it "very good" or "excellent".

"I like that the speakers have *different perspectives on the same problem*, with examples and challenging views about blended finance."

"I enjoyed the *engaging sessions* that generated good discussions and reflexions."

"This sessions were *very practical*, the speakers were energetic and engaging, also *sharing data and concrete real life examples to back-up the theory*. I enjoyed it very much and learned a lot!"

"I really appreciated the *newness and cutting edge* of these sessions. They empower to drive strategic development that can be put forward to the management for long-term decision making."

"Great program, I'm fully convinced that this is exactly what I need more of and *I will recommend it to my colleagues*."

## Tailored Onboarding

You are invited to have a structured discussion with our program team in an **individual onboarding call** before the training takes place. We will also design **individual pre-course** learnings that will be an integral part of the executive program.

The onboarding will include exploring your personal objectives, circumstances and background, discussing your pre-course learnings and investigating any specific issues that you would like us to cover during the 3-day learning experience in Zurich.

This will also allow us to elaborate on the concrete program objectives and tailor the program to the needs of the participants.

Interested in scheduling your individual onboarding session?

Please contact **Christina Moehrle**, Education Lead at the Initiative for Blended Finance & Senior Advisor at Roots of Impact:

## Selection of Planned Lecturers

**Karen E. Wilson**

Associate Fellow Saïd Business School / Founder GV Partners

Karen E. Wilson is the Founder of GV Partners and an expert on innovative finance, entrepreneurship and impact measurement. Among other mandates, Karen has been working as Senior Advisor with the OECD WISE Centre until 2022. She is an Associate Fellow at Saïd Business School at Oxford University and a Visiting Lecturer at the Stockholm School of Economics in Riga. Karen is also a board member of the EVPA and serves on the GSG Strategy Committee.

---

**Matthieu Pegon**

Head of Blended Finance, IDB Invest

Matthieu Pegon joined IDB Invest in 2017 as Head of Blended Finance. He leads the deployment of IDB Invest's concessional finance resources in high impact projects. His team has channeled over US\$ 500 million of concessional capital, unlocking over US \$ 5.5 billion of investments. Matthieu co-developed the DFIs' Enhanced Principle on Blended Concessional Finance. Prior to that, he worked in various origination and structuring roles at the Green Climate Fund, and BNP Paribas, with a focus on debt capital markets and LATAM.

---

**Bjoern Struwer**

Founder and CEO, Roots of Impact

Bjoern Struwer is Founder and CEO at Roots of Impact, a manager of catalytic capital and pioneer in Impact-Linked Finance. After leaving the banking industry, he started to work closely with public funders and impact investors to scale enterprises and innovations with strong potential for positive impact. He leads the Initiative for Blended Finance at the University of Zurich and is Senior Fellow at the Center for Sustainable Finance and Private Wealth as well as mentor at the Harvard Kennedy School's Impact Investment for the Next Generation program.

---

**Aakif Merchant**

Associate Director Training & Engagement, Convergence

As an Associate Director at Convergence, Aakif Merchant is responsible for capacity building among clients from public, private to philanthropic organizations. He brings over 6 years of experience as a management consultant most recently as Principal of the NeXus Consulting Group, where he spearheaded business development and project execution across a variety of sectors. Aakif has also worked at Dasra, India's leading strategic philanthropy foundation, L.E.K Consulting in New York and as a legislative and economic advisor for the Parliament of India.
